Program Mission

The mission of the Department of Behavior Analysis (DBA) is to provide a program of learning opportunities for graduate and undergraduate students that is nationally recognized for excellence and that establishes knowledge and skills that allow graduates to compete successfully in the job market and make significant contributions to society; to contribute to the discipline of behavior analysis and to the community by conducting applied and basic research that furthers understanding of human behavior and results in demonstrable positive behavior change; to form lasting partnerships in the DFW metroplex, nationally, and internationally; and to develop behavioral solutions for social problems at local, national, and international levels.
